CLASS POINT RULES

- Class score won't be revealed at any point during events to any subject.
- Class points can be earned upon registering and participating, Class activities and Winning.
- Class points are subject to deduction if a contingent fails to abide by security guidelines or is caught engaging in malpractice.
- Class points will be deducted for registering and not participating in the actual events.
- We have three Prestigious Awards excluding the Cultural, Technical and Sports committee event awards for Participating Classes. The three awards are Best Class, Maximum Participation and Best Athlete.
- The Class with maximum Class points in the College will be awarded with BEST CLASS Trophy.
- The College with maximum registration will be awarded with MAXIMUM PARTICIPATION Trophy.
- The person who registers and wins maximum amount of events in their name will be awarded with the BEST ATHLETE Trophy.

SPANDAN

ART RELAY

Description :

This unique team-based drawing competition challenges participants to work together on a single artwork—but with a twist. Every 20 minutes, teammates must switch positions, picking up where their partner left off and continuing the creation without disrupting the flow.

Rules :

- Each team must consist of 2 participants.
- Only Painting canvas will be provided, acrylic paints/other materials like brushes must be brought by the participant.
- The art must be original.
- The theme will be announced at the beginning of the competition. They must follow the competition theme.
- Participants should take good care of the material provided to them.
- Teams will be disqualified if they fail to switch within the allotted time or violate any competition rules.
- While the former partner works on their canvas, the later partner is not permitted to make use of any electronic devices for creative consultation.

THE SHOWCASE

Description :

The Showcase is a prepared performance event where teams present a themed act of their choice. They plan, script, and rehearse to deliver drama, comedy, satire, or any original concept. On event day, teams perform within the time limit, aiming to impress judges through creativity, coordination, and execution.

Rules :

- Each team must have 4 participants, and all members must be actively involved.
- Themes will be given a week before, and teams must prepare their performance accordingly
- Time limit is 10-12 minutes per team, including setup and exit; exceeding it will invite penalties.
- Performances must be appropriate for a college audience; offensive or sensitive content is not allowed.
- Minimal props and background audio are allowed but must be managed within the given time and submitted beforehand

CANVAS CARNIVAL

Description :

Canvas Carnival is a creative team-based mural-making event where participants work together to design and paint a large artwork on a canvas cloth. With a theme revealed on the spot, teams must combine ideas, colors, and techniques to create a vibrant and meaningful piece. The focus is on teamwork, creativity, and smooth coordination as teammates contribute to one unified masterpiece.

Rules :

- Team size: 3-4 participants.
- Canvas, brushes, and paints provided.
- Artwork must be original and team-made.
- Theme announced at start; must be followed.
- Complete artwork within the time limit.
- Maintain cleanliness and care of materials.
- Disqualification for property damage, copying, or rule violations.
- No electronic devices for reference once the event begins.

BUILD-MY-BOOK WORKSHOP

Description :

A hands-on, interactive workshop designed for budding authors who want to start writing their own book. Participants are guided from spark-of-an-idea to drafting their first chapter—while learning structure, storytelling, and worldbuilding. This event builds confidence and nurtures creativity.

Format :

- **Story Blueprint Creation:** Choose a genre, setting, main characters, and draft a plot outline using provided templates and examples.
- **Chapter Draft Writing:** Write the first chapter or opening scene with focus on voice, strong openings, and narrative flow in a timed session.
- **Peer Share & Feedback:** Share excerpts in small groups and exchange constructive feedback on clarity, creativity, and development.

Rules :

- All writing must be original.
- Respectful feedback is mandatory during peer-review.
- Word count/time limits must be followed for chapter drafting.
- Participants must stay within the workshop structure.

BOOK CAFÉ

Description :

Step into a Regency-inspired café celebrating *Pride & Prejudice*. Enjoy trivia, storytelling, and debates, reliving iconic moments while adding your own creative twists.

Format :

- **Trivia:** MCQs and quick recall questions on *Pride & Prejudice* plot, quotes, and characters.
- **Genre Switch:** Rewrite or narrate a scene in a new genre (comedy, thriller, fantasy, Bollywood, sci-fi, etc.).
- **Debate:** Teams argue Austen-themed motions (e.g., Elizabeth vs. Darcy refusal, Darcy vs. Bingley, Mrs. Bennet's role).

Rules :

- All genre-switch narrations must stay true to the original scene's core plot.
- Debaters must maintain respectful language and structured arguments.
- Use of external material is allowed but must align with the novel's world.
- Judges' decision is final.

THE WRITER'S CORNER

Description :

A creativity-packed day dedicated entirely to writing and imagination. Participants explore fanfiction, storytelling, emotional depth, and alternative endings to popular media. This is a space to unleash originality while enjoying playful reinterpretation of familiar characters and worlds.

Format :

- **Flash Fanfiction:** Write a short fanfic (up to 1500 words) using any character or universe; judged on originality, emotion, flow, and creativity.
- **Story Improv:** Pick a well-known movie from the list and create an imaginative alternate ending.
- **Narration:** Present the rewritten ending within 3 minutes.

Rules :

- Fanfiction must be original—no plagiarism.
- Stories must be completed within the word/time limits.
- Offensive, explicit, or derogatory content is not allowed.
- For Story Improv, narration must clearly show structure and creativity.

FASHION FIESTA

Description :

There should be a theme for the fashion show. Students can participate as a group with minimum participation being a group of 5. A panel evaluates based on creativity, presentation, and adherence to the theme.

Rules :

- Open to registered students only. Participants must confirm their entry by the deadline.
- All designs should align with the theme.
- Outfits must be appropriate and respectful of cultural sensitivities.
- Avoid using offensive symbols, language, or controversial imagery in designs.
- Participants must arrive on time for rehearsals and final performances.
- Maintain professional and respectful behaviour with peers, organizers, and judges.
- Judges' decisions are final and should be respected.
- Judges may prefer asking the participants about their understanding of theme with respect to their costume.

QUAD SQUAD CHALLENGE

Description :

The Quad Squad Challenge is a fast-paced, multi-station team race for four members. Each completes a task while staying linked as a squad. With games like bottle flip, five stones, and coordination hurdles, teams must stay in sync and finish all stations quickly. Expect teamwork, excitement, and competitive fun!

Rules :

- Team Size: 4 members per team
- Team Link Rule: All members must remain tied/linked together using a rope or cloth band.

Breaking the link results in penalties

- Task Assignment Rule: Each team member must complete one specific assigned task individually, except for the obstacle section, which all four complete together.

SCAVENGER HUNT

Description :

Gear up for a high-energy campus Scavenger Hunt! Race with your team to decode clues, complete fun challenges, and record video proof before time runs out. Think fast, move quick, and enjoy a thrilling adventure packed with teamwork, laughter, and competition.

Rules :

- 4 members per team
- 4 teams will compete together in each round
- All tasks must be recorded as video proof.
- If no video proof is provided, that task will not be counted.
- Teams will receive a printed list of tasks
- Teams will have a strict 10-minute time limit to complete as many tasks as possible.
- Any submissions after 10 minutes will not be accepted.
- All tasks must be completed within the college premises only.
- The team that completes the maximum number of tasks with valid proof in the shortest time will advance to the next round or be declared the winner.

ESCAPE ROOM

Description :

Step into a space where reality feels distorted and the world you know seems flipped. Lights flicker, clues feel unfamiliar, and the environment itself works against you. What's hidden might not stay hidden for long. Work together, think fast, and trust your instincts as you navigate puzzles in a place that feels like a shadow of the real world. Time is running out—and escaping this side won't be easy.

Rules :

- 4 members per team
- 10 minutes total; exceeding time results in elimination
- Includes decoding clues, logic puzzles, pattern identification, and hidden hints
- No phones, calculators, or outside assistance
- Volunteers monitor rooms and manage level transitions
- Fastest team to escape the room wins

BOX VOX

Description :

A fast-paced teamwork game where teams race against time to build the tallest free-standing tower using boxes. Balance, coordination, and strategy are key—one wrong move and the tower comes crashing down!

Rules :

- 4 members per team
- 1 minute will be the time limit
- Build the tallest stable tower using only the provided boxes
- Tower must stand without support when time ends
- No stacking after time is up
- Damaging boxes or interfering with other teams is not allowed
- Tallest stable tower wins.
- In case of a tie, the team that finished faster wins.

CODE COMBAT

Description :

Code Combat is a 1 vs 1 competitive coding duel where each participant is paired with another participant. Both competitors receive the same LeetCode-style coding question, and their goal is to solve it as fast as possible.

Rules :

- Each participant will be paired with another participant (1v1).
- Both competitors receive the same LeetCode-style question at the same time.
- If the number of participants is odd, one participant may receive a bye to the next round.
- If both participants submit incorrect solutions:
- The one with the closest working logic or fewer errors may advance.
- If neither solves the problem:
- A tie-breaker question will be given
- Use of AI and internet is strictly prohibited

CODE CRAFT

Description :

Code Craft challenges participants with a series of coding problems that include special constraints such as restricted time, limited memory, specific algorithmic approaches, or mandatory optimization techniques. This event focuses on a developer's ability to craft efficient solutions while respecting limitations, pushing them to apply data structures and algorithms intelligently.

Rules :

- Can be solo or duo
- Problems must be solved strictly following the constraints provided.
- Penalties for brute-force solutions if they violate constraints.
- Participants may use any preferred programming language unless stated otherwise.

CODE QUEST

Description :

It is a multi-stage event that examines a broad spectrum of coding abilities.

- Round 1 – Debugging: Participants fix buggy code segments in minimal time.
- Round 2 – LeetCode Round: A set of DSA challenges must be solved under strict time limits.
- Round 3 – Buzzer Round: A competitive quiz where participants must answer conceptual or output-based questions faster than their peers.

Rules :

- All three rounds are elimination-based.
- Buzzer round rewards fast and correct answers—negative marking may apply.
- Internet use strictly prohibited except for provided platforms.
- Judge's decisions are final.
- You may not rewrite the entire code unless the bug requires restructuring.
- Output must match the sample test cases exactly.

TECH MYSTERY BOX

Description :

Tech Mystery Box is a fast-paced challenge where each team receives a sealed box of random hardware components. The twist is that participants don't know what components they will get.

Using only the items inside the box, teams must build a functioning device, solve a specific challenge, or create a circuit that meets a given task.

Rules :

- Only components from the mystery box may be used.
- No external hardware unless organizers permit.
- Teams are judged on:
 - Working result
 - Innovation
 - Design approach
 - Explanation of the logic
- Time-bound event — no extra time will be provided.
- All components must be returned after the event.

TECH DECK

Description :

Tech Deck is a unique 3-part event where participants must complete ALL THREE Levels to finish the event:

Level 1: Teams receive a set of cards containing location-based puzzles and technical quizzes to reach the designated zone and unlock the Level 2 Card.

Level 2: Component Challenge Using the component list from the card, teams play a Ping-Pong Cup game. Landing the ball in the correct cup earns the specific hardware components needed.

Level 3: Human Circuit & Build Teams must form a life-size "Human Circuit" (Twister-style) using their bodies as connections. Completing this unlocks the Reference Photo, which teams use to build the final hardware/software project.

Final Presentation-Teams present their build for 3-5 minutes. Judging is based on accuracy, creativity, and functionality.

Rules :

- Only components earned during the Ping Pong selection stage can be used.
- The human circuit must match the final circuit logic.
- The final circuit must be fully functional to qualify.
- No external components or hidden additions are allowed.
- Time limits apply for all three stages.

TOWER OF INNOVATION

Description :

Tower of Innovation is a creativity-based challenge built around Jenga blocks.

Each block may contain:

- A component name
- A constraint
- A task or challenge

Teams must pull blocks and use whatever component/constraint is written on them to build a prototype or concept model

Rules :

- Only Jenga blocks and materials provided by organizers may be used.
- Whatever component or constraint appears on the selected block **MUST** be used in the project or concept.
- If the tower collapses at any point, the team:
Organizer team rebuild the tower
- Rough handling of blocks leads to disqualification.
- Time limit applies; no extra time will be provided.

DEBUG DETECTIVE

Description :

Debug Detective is a fast-paced, multi-level technical challenge designed to test problem-solving skills, digital proficiency

In Level 1: PC Hunt, teams race against the clock to decode a physical clue and locate the correct PC hidden among multiple systems in the lab. Only by identifying the right machine and verifying it can they advance.

Level 2: Digital Puzzle Mission shifts the challenge into the virtual world, where teams must crack complex puzzles involving ciphers, decoding, logical reasoning, and image reconstruction. Their speed and accuracy determine how far they move ahead.

Level 3: The Technical Challenge, puts participants' knowledge and creativity to the test as they craft and present a concise technical paper on a surprise topic—within a tight time limit.

Rules :

- No phones or external assistance.
- Follow time limits strictly.
- Any misconduct or system tampering leads to disqualification.
- No external help; no tampering with equipment.
- Judges' decisions are final.

VIRTUAL DRIVE

Description :

Car Driving Logitech Simulation is an interactive event where participants experience real-life driving using a Logitech racing wheel, pedals, and gear shifter on a driving simulator game. The

setup provides a realistic experience of speed, steering control, braking, and gear handling. It's both thrilling and skill-based, testing how well participants can handle cars in simulated racing or driving conditions.

Rules :

- Each participant will be given a fixed time slot to ensure everyone gets a chance.
- Rough handling of steering wheels, pedals, seats, or cables is strictly prohibited.
- Only one participant is allowed at the console for a total of 15 mins.
- Participants must follow staff instructions for:
 - Starting/stopping the simulation
 - Adjusting seat
 - Selecting vehicles/tracks
- Any attempt to damage or misuse the equipment will result in removal from the event.
